Exclusive 6-Month Sales Leadership
Training & Certification Program Overview

What Is #GirlsClub?

Our Mission

#GirlsClub is committed to changing the face of sales by empowering more women to earn roles in leadership - helping reverse the zero-growth trend of women leaders in sales. We make a difference by training women to earn management positions, building their self-confidence and providing a support community of peers, mentors, and role models. Our six-month exclusive certification program includes:

- Tactical sales management job training
- 1:1 female & male mentors
- Confidence-building curriculum
- Opportunities to grab the spotlight
- A community that empowers risk taking

Our Values

We value inclusion, education, hard work, and spirit.

We believe in the power of role models and integrity as passionately as we do authenticity and imperfection.

We are initiative-takers, people-developers and esteem-builders. We hold true that opportunity is abundant, and a community of support and encouragement will shine a light into corners where scarcity may still exist. We celebrate trail blazers, risk takers, working moms, and every single woman in the World who listened to her little voice that said, "More" and then went and then raised her hand to get it.

Our Vision

#GirlsClub is synonymous with extraordinary talent, inclusion, and leaders – both women and men who give back. Our members never feel alone, and our graduates feel unstoppable. We have impacted millions by inspiring risks, building confidence, educating, and including. The #GirlsClub logo helps men and women make decisions about who to hire, where to work, and what partners are preferred. Together we are stronger.

We must do more to empower and connect women in sales careers and #GirlsClub focuses on that exactly.

I'm ecstatic that #GirlsClub is here to provide guidance and help young women navigate the challenges as they pursue the upside in their sales careers.

#GirlsClub is an invaluable resource for women at any level of their career.

Our Story

After spending 20+ years in technical sales leadership, #GirlsClub founder Lauren Bailey knew firsthand the struggle of being the only female sales leader.

Tired of talking about the lack of women in leadership, she committed to take action and fix it.

She started with her Factor 8 Management training, and then layered in critical confidence building work, mentors, role models, and more. #GirlsClub (originally named "Bad-Ass Women of Sales") quickly went viral.

Companies supported the initiative, leaders bought seats for women on their teams, Men signed up to mentor.

Today we have several thousand in our community and hundreds of certified graduates. We proudly boast an over 70% promotion rate of Rep-level graduates (and that's just within the 6-month program!).

Emmy Johnson, Mentor

I love being a part of #GirlsClub for so many reasons but most importantly I love meeting and working with so many other strong female leaders as well as up and coming women in sales.

Richie Narain, Advocate

#GirlsClub is one of the best organizations out there right now. I have seen first-hand how it has helped people advance and grow within the company. That is why I continue to support such a great organization.
